◆ Profile

Graphic designer with **5+ years** of experience creating marketing for resort, hotel, restaurant and lifestyle brands across agency and in-house teams. Designs brochures, flyers, posters, banners, menus and social media graphics, plus website and email content, all held to brand guidelines. Edits and retouches hospitality photography, prepares print files with vendors, and presents ideas clearly to marketing teams and management. Currently the sole in-house designer for a Qatari group of 10+ brands.

◆ Hospitality & Lifestyle Highlights

- ◆ **Aditya Resort, Sri Lanka:** retouched and edited resort photography every month for the Instagram feed in Lightroom and Photoshop, through Neo Digital Image.
- ◆ **Hotel and hospitality clients:** design and branding for hotel, restaurant and hospitality brands in the US and Canada at Kimp.io.
- ◆ **Restaurants and menus:** menu design, a long-form menu book and in-outlet collateral, including Bajaloco.
- ◆ **Skyora Waves, Lusail:** property catalogue and launch social campaign for a premium beachfront real estate development.
- ◆ **Infinity Hospitality, Qatar:** marketing for a hospitality manpower brand that supplies staff to hotels, caterers and hospitality businesses.

◆ Experience

Graphic Designer, *Al Sharqi Holdings*

Mar 2026 – Present | Lusail, Qatar

Brands: Infinity Hospitality, Skyora, HiWash, Mr Valet, Spotlight and other group brands (10+)

- ◆ **Marketing materials:** designs brochures, flyers, posters, banners, roll-ups and signage aligned to each brand's identity and marketing goals, including the Skyora Waves property catalogue for a Lusail beachfront development.
- ◆ **Working with marketing:** sole in-house designer for 10+ group brands, working directly with marketing and management to understand each brief's audience and objectives, and managing several projects to deadline.
- ◆ **Website, email and social:** plans and designs monthly social media content for three group brands in Arabic and English, plus website banners, hero images and email campaign layouts.
- ◆ **Photography:** edits, retouches and colour-grades campaign and brand photography in Photoshop and Lightroom to a consistent standard.
- ◆ **Brand guidelines:** keeps a consistent look and feel across brands and platforms; built the HomeCare Plus identity from scratch, from logo routes to the full guideline system.
- ◆ **Print production:** prepares press-ready files with colour and pre-press checks, and liaises with print vendors on proofs, stock and finish.
- ◆ **Visual asset library:** maintains an organised library of photography, custom icons, templates and brand assets for the team.
- ◆ **New tools and ideas:** uses AI design tools for conceiving and image work, and Blender 3D to visualise an event stage set and branded spaces before build.
- ◆ **Presenting ideas:** builds concept decks and a 30-page company profile, and presents design direction to management.
